

**FINANCIAL STATEMENTS  
OF THE AUSCHWITZ-BIRKENAU FOUNDATION  
FOR THE FINANCIAL YEAR  
FROM 1 JANUARY  
TO 31 DECEMBER 2016**

## **Auschwitz-Birkenau Foundation**

Translation of the financial statements for the financial year from 1 January to 31 December 2016 originally issued in the Polish language

---

# **Translation of the financial statements of the Auschwitz-Birkenau Foundation for the financial year from 1 January to 31 December 2016 originally issued in the Polish language**

In accordance with the Accounting Act of 29 September 1994 (uniform text – Journal of Laws 2016 item 1047 with amendments, further: the Accounting Act), the Management Board of the Foundation ensured preparation of the attached financial statements including:

- an introduction to the financial statements;
- a balance sheet prepared as at 31 December 2016 with total assets and liabilities plus equity of PLN 471,859,335.29;
- a profit and loss account for the financial year from 1 January to 31 December 2016 disclosing a net profit of PLN 37,053,599.07;
- a statement of changes in equity for the financial year from 1 January to 31 December 2016 disclosing increase in equity of PLN 37,432,057.85;
- a cash flow statement for the financial year from 1 January to 31 December 2016 disclosing a decrease in cash of PLN 24,335,349.56.
- additional information and explanations.

The attached financial statements present a true and fair view of the Foundation's economic and financial position, financial result and profitability. In preparing the financial statements, the Foundation ensured the selection and consistency of accounting principles appropriate for the Foundation's activity.

In the measurement of assets and liabilities and determination of the financial result, the Foundation was assumed to operate as a going concern for the foreseeable future without any material reduction in the scale and in line with its actual and legal status.

The Management Board of the Auschwitz-Birkenau Foundation is responsible for fulfilling the statutory accounting duties.

The Management Board of the Foundation:

## **Auschwitz-Birkenau Foundation**

Translation of the financial statements for the financial year from 1 January to 31 December 2016 originally issued in the Polish language

---

### **Introduction to the financial statements**

1. Information on the entity:

- a) name: Auschwitz-Birkenau Foundation
- b) registered seat: 00-534 Warszawa, ul. Mokotowska 56/9
- c) scope of activities: the statutory objective of the Foundation is to ensure the preservation of the Auschwitz Memorial Site – the grounds and remains of the former concentration camps, KL Auschwitz I and Auschwitz II Birkenau as overseen by the Auschwitz-Birkenau State Museum in Oświęcim (further: the Museum), as well as to support the Museum's mission.

The Foundation achieves its statutory objectives by:

- collecting funds for the preservation of the Memorial Site, including the provision of grants;
- supporting scientific, educational, publishing, exhibition and cultural activities connected with Museum's mission;
- co-operating with individuals and legal entities whose activities correspond to the Foundation's goals;
- co-operating with governments, local authorities, non-government, academic and research organizations in Poland and globally in the scope mentioned in the scope specified in the Foundation's objectives;
- initiating and financing own projects, including co-operation with the Museum and other organisation.

- d) authority maintaining the register - the Foundation was registered in the Register of Entrepreneurs of the National Court Register maintained by the Regional Court for the capital city of Warsaw in Warsaw, XII Commercial Division of the National Court Register on 23 April 2009 and was granted register number 328383.

2. Duration of the entity: unlimited.

3. Period covered by the financial statements: from 1 January to 31 December 2016.

4. The Management Board of the Foundation:

- Piotr Cywiński - President of the Management Board
- Rafał Pióro - Vice President of the Management Board
- Łukasz Rozdeiczer-Kryszkowski - Vice President of the Management Board
- Maciej Antosik - Vice President of the Management Board - Chief Financial Officer from 1 January 2016
- Anna Miszevska - Member of the Management Board

5. The Foundation has no internal organizational units preparing independent financial statements.

6. The financial statements were prepared based on the assumption that the Foundation will continue to operate as a going concern in the foreseeable future. The Management Board believes that there were no circumstances indicating that the Foundation may not be a going concern.

## **Auschwitz-Birkenau Foundation**

Translation of the financial statements for the financial year from 1 January to 31 December 2016 originally issued in the Polish language

---

7. The financial statements were prepared in accordance with the Accounting Act.

**Description of adopted accounting principles, including principles of measuring assets and liabilities (together with depreciation), determining the financial result and method of preparing the financial statements in the extent left by the Accounting Act at the Foundation's discretion.**

### **Intangible assets**

Intangible assets are recognized if it is probable that the future economic benefits that are directly attributable to the asset will flow to the Foundation. Initially, intangible assets are recorded at acquisition cost or cost of production. The initial value of intangible assets is adjusted by depreciation and impairment write-downs. Intangible assets are depreciated using the straight-line method over their estimated useful lives.

An assessment is made at each balance date to determine whether the carrying amounts of assets exceed the amounts of estimated future economic benefits. If there is any evidence indicating that this is actually the case, the carrying amounts of such assets are written down to their net realisable values. The resulting impairment losses are recognized under other operating expenses.

### **Tangible fixed assets**

Tangible fixed assets are stated at acquisition cost, cost of production or re-valued amount, less accumulated depreciation and impairment losses

Costs incurred on an asset already in use, such as repairs, maintenance or operating fees, are expensed in the reporting period in which they were incurred. If however, it is possible to demonstrate that such costs increase the expected future economic benefits to be derived from a given asset beyond the originally expected benefits, they are capitalized to the initial cost of the asset.

Tangible fixed assets, except for land, are depreciated using the straight-line method over their estimated useful lives, or over the shorter of their useful life and the term of the right to use the assets.

An assessment is made at each balance date to determine whether the carrying amounts of assets exceed the amounts of estimated future economic benefits. If there is any evidence indicating that this is actually the case, the carrying amounts of the assets are written down to their net realisable values. The resulting impairment losses are recognized under other operating expenses.

The following depreciation rates and methods were applied to particular groups of assets:

<b>Tangible fixed assets</b>	<b>Depreciation method</b>	<b>Deprecation rate</b>
Technical equipment and machinery	Straight-line method	14% - 30%
Vehicles	Straight-line method	20%

## **Auschwitz-Birkenau Foundation**

---

### **Financial assets**

Financial assets are initially measured at acquisition cost, which is the fair value the amount paid.

After initial recognition, financial assets classified as held to maturity are valued at the adjusted purchase price calculated using the effective interest rate. Profits and losses that arise from revaluation are recognized under financial profits or losses in the reporting period in which the revaluation took place.

Financial assets classified as available for sale are valued at the fair value. Interest from these assets accrued based on the effective interest rates are recorded as financial income. Profits or losses recorded in the revaluation reserve constitute the difference between the fair value of assets as of the revaluation date, and value of those assets at adjusted purchase price.

### **Receivables and liabilities**

#### Receivables

As of the balance date receivables were valued at the amount to be paid in accordance with the prudence principle.

Receivables are valued net of any impairment write-downs, taking into account the probability of settlement. Write-downs of receivables are charged to operating costs or to financial costs – depending on the nature of the receivables.

#### Liabilities

A liability is a commitment to settle an obligation of a reliably estimated value, arising from previous events, resulting in use of existing or future assets of the Foundation.

Liabilities are measured at their face value as at the date of the transaction giving rise to the liability. As of the balance date liabilities are valued at the amount to be paid.

### **Foreign currency transactions**

Business transactions denominated in foreign currencies are recognized on the date of their occurrence at the following exchange rates:

- in the case of foreign currency sales or purchases and the settlement of foreign currency denominated receivables or payables – the rate actually applied on the transaction;
- in other cases, the average National Bank of Poland (NBP) rate announced for a given currency on the day preceding the transaction date.

Assets and liabilities denominated in foreign currencies as of the balance date are translated at that date using the average exchange rate determined by the NBP for a particular currency as of that day (exchange rates as of the end of the financial years 2015 and 2016 are presented below).

<b>Currency</b>	<b>30.12.2016</b>	<b>31.12.2015</b>
EUR	4.4240	4.2615
USD	4.1793	3.9011

## **Auschwitz-Birkenau Foundation**

Translation of the financial statements for the financial year from 1 January to 31 December 2016 originally issued in the Polish language

---

Exchange gains or losses arising on a settlement date, being the result of a difference between the exchange rate applied to a payment and the exchange rate applied on the date the asset or liability was recognised are allocated to financial income or financial expenses, respectively.

The surplus of exchange losses over gains is recognized in financial expenses; the surplus of exchange gains over losses is recognized in financial income.

### **Cash and cash equivalents**

Cash is valued at its nominal value. Cash denominated in foreign currency is valued at its face value converted into Polish zloty. As of the balance date cash is valued at the average exchange rate for a particular currency announced by the NBP as at that day.

### **Prepayments**

Prepayments include expenses borne by the Foundation relating to future accounting periods. The costs are recognized over time and method of their settlement depends on the nature of the costs. Prepaid expenses are disclosed at the nominal value.

### **Statutory fund**

Income of the Foundation from donations shall, as a general rule, constitute investment capital (Perpetual Capital), unless the donor's declaration or the grant agreement clearly requires a different application of a donation. After the year end the donations paid into the Perpetual Capital are transferred to the statutory fund until the level of EUR 120 million is achieved.

### **Provisions**

Provisions are recognized when the Foundation has a present obligation (legal or generally accepted) resulting from past events and when it is certain or highly probable that fulfilment of this obligation would require the outflow of the resources and when a reliable estimate can be made with regard to the amount of the obligation.

### **Accruals**

Accruals include probable liabilities pertaining to the current reporting period, arising in particular from:

- goods and services provided by suppliers, but not invoiced as at the balance date, if the amount payable can be estimated in a reliable manner;
- the obligation to provide in the future services relating to current activities, the amount of which can be estimated even though the origination date of a liability is not yet known.

Accruals are recognized at their nominal value.

Accruals having the character of provisions are presented in the balance sheet as provisions for liabilities under B. I. item of equity and liabilities.

Accruals not having the character of provisions resulting from goods and services provided to the Foundation but not yet invoiced by the suppliers are presented in the balance sheet as trade liabilities. The determination of the quantity or the amount of supply (service) may require estimation.

## **Auschwitz-Birkenau Foundation**

Translation of the financial statements for the financial year from 1 January to 31 December 2016 originally issued in the Polish language

---

### **Income**

The income of the Foundation comprises cash and other financial assets received from sources specified in the Statutes.

Income derives from:

- domestic and foreign donations;
- income from the Foundation's assets;
- interest from investments, including bank deposits and securities (bonds)

The Foundation recognizes income from donations on a cash basis, on the date of their receipt in the bank account, except for donations for administrative purposes, which are recognized on the accrual basis, in the period in which donations are due.

### **Costs of statutory activities**

Costs of statutory activities cover settlements of funds transferred to the Museum and recognized in the accounting books of the Foundation on the accrual basis, i.e. taking into account the level of usage of donations received by the Museum. Amounts transferred to the Museum, but not utilised (not spent) in the financial year, are shown as receivables of the Foundation under other receivables (item B.I.1.a of assets).

### **Interest**

Interest income is recognized on the accrual basis (using the effective interest rate), unless collectability is in doubt.

### **Profit and loss account format**

The Foundation prepares the profit and loss account in the comparative format (non-manufacturing format), whereby income and expenditure are classified according to type.

### **Cash flow statement**

The Foundation prepares the cash flow statement using indirect method.

The introduction and additional information form an integral part of the financial statements.

## Auschwitz-Birkenau Foundation

Translation of the financial statements for the financial year from 1 January to 31 December 2016 originally issued in the Polish language

Financial assets classified as available for sale were revalued as at 31 December 2016 at fair value calculated on the basis of market quotations of each instrument as of the balance date including interest accrued based on the effective interest rates. Financial assets classified as held to maturity were revalued as at 31 December 2016 at adjusted purchase price.

\* Profits or losses arising from revaluation of the entity's financial assets classified as available for sale are recorded in revaluation reserve, in accordance with art. 21 of Decree of Ministry of Finance dated 12 December 2001 on specific rules of recognition, measurement methods, scope of disclosure and method of presentation of financial instruments (Journal of Laws dated 22 December 2001). In accordance with art. 25, paragraph 1 of the Decree interest from these assets accrued based on the effective interest rates are recorded as financial income. Profits or losses recorded in the revaluation reserve in accordance with art. 25, paragraph 3 of the Decree, constitute the difference between the fair value of assets as of the revaluation date, and value of those assets at adjusted purchase price. Accrued interest related to assets classified as available for sale amounted to PLN 1,598,015.89.

\*\* Presented fair value for all instruments in the investment portfolio, was calculated on the basis of market quotations that do not take into account accrued interest.

For assets classified as held to maturity, where fair value is lower than carrying amount, the entity estimates that it is not required to account for impairment losses. The change in fair value of these assets results from short-term fluctuations of market prices and the entity's intention is to hold them until maturity date.

\*\*\*Due to the lack of market quotations fair value for instruments marked (\*\*\*) was calculated using the Discounted Cash Flow method. Credit risk was taken into account. The presented value is a pure value.

### 4. Long-term investments

At the balance date long-term investments included bonds denominated in PLN, EUR and USD classified both as assets held to maturity and assets available for sale.

	31.12.2016	31.12.2015

### 7. Goals and principles of financial risk management

The entity invests all funds in debt securities of issuers with high ratings and bank deposits following the principle that the security of investments is more important than the potential profit.

When the rating of a particular issuer falls below a pre-determined level, the Foundation acts immediately in order to maintain the desired high security levels of invested funds.

The Foundation limits concentration risk with a particular issuer by setting maximum ratios of the total investment portfolio that may be invested in the securities of one single issuer.

Additionally, for the purpose of risk diversification the Foundation invests in securities denominated in PLN, EUR and USD.

Interest rate risk is limited by investing generally in debt instruments with fixed interest rates.

### 8. Accrued and prepaid expenses

### 9. Statutory fund (Perpetual Capital)

The statutory fund consists of donations received for Perpetual Capital.

Donations to Perpetual Capital received in a given year are initially treated as income and are allocated to statutory capital (Perpetual Capital) in the subsequent financial year, following the approval of the financial statements by the Council of the Foundation.

The Foundation shows donations received in foreign currencies at the historic PLN average exchange rates of the NBP as at the day preceding receipt of each payment to the Perpetual Capital.

Donations received for Perpetual Capital in respective financial years:

- 2009	1,744,566.38
- 2010	1,959,355.73
- 2011	57,317,408.46
- 2012	66,223,090.96
- 2013	82,485,706.54
- 2014	75,030,995.72
- 2015	<u>120,314,514.01</u>
<b>Total statutory fund as at 31 December 2016</b>	<b><u>405,075,637.80</u></b>

Following the approval of the 2016 financial statements the statutory fund, including donations received in 2016, will amount to PLN 419,517,521.29.

Funds received by the Foundation as donations are invested in debt instruments, like most of the additional funds earned on investment of donations (except for the cash, which is used to cover donations for the Museum and administrative expenses). Total value of the above financial debt instruments as of the balance date amounted to PLN 458,632,452.02. Detailed information on the debt instruments was presented in note no. 3.
