

**FINANCIAL STATEMENTS
OF THE AUSCHWITZ-BIRKENAU FOUNDATION
FOR THE FINANCIAL YEAR
FROM 1 JANUARY
TO 31 DECEMBER 2021**

Auschwitz-Birkenau Foundation

Translation of the financial statements for the financial year from 1 January to 31 December 2021 originally issued in the Polish language

Translation of the financial statements of the Auschwitz-Birkenau Foundation for the financial year from 1 January to 31 December 2021 originally issued in the Polish language

In accordance with the Accounting Act of 29 September 1994 (uniform text – Journal of Laws 2021 item 217 with amendments, further: the Accounting Act), the Management Board of the Foundation ensured preparation of the attached financial statements including:

- an introduction to the financial statements;
- a balance sheet prepared as at 31 December 2021 with total assets and liabilities plus equity of PLN 838,580,192.26;
- a profit and loss account for the financial year from 1 January to 31 December 2021 disclosing a financial result of PLN 144,954,104.07*;
- a statement of changes in equity for the financial year from 1 January to 31 December 2021 disclosing an increase in equity of PLN 141,999,188.43;
- a cash flow statement for the financial year from 1 January to 31 December 2021 disclosing an increase in cash of PLN 41,136,378.80;
- additional information and explanations.

The attached financial statements present a true and fair view of the Foundation's economic and financial position, financial result and profitability. In preparing the financial statements, the Foundation ensured the selection and consistency of accounting principles appropriate for the Foundation's activity.

In the measurement of assets and liabilities and determination of the financial result, the Foundation was assumed to operate as a going concern for the foreseeable future without any material reduction in the scale and in line with its actual and legal status.

The Management Board of the Auschwitz-Birkenau Foundation is responsible for fulfilling the statutory accounting duties.

* The net profit results from: profit on operating activities in the amount of PLN 120,094,794.66, financial costs in the amount of PLN 181,631.14 and financial income in the amount of PLN 25,040,940.55, including among others unrealized exchange rate differences in the amount of PLN 675,067.33 and realized exchange rate gains in the amount of PLN 8,477,005.20.

The Management Board of the Foundation:

Piotr Cywiński -
President of the Management
Board

Łukasz Rozdeicz-Kryszkowski -
Vice President of the Management

Auschwitz-Birkenau Foundation

Translation of the financial statements for the financial year from 1 January to 31 December 2021 originally issued in the Polish language

Introduction to the financial statements

1. Information on the entity:

- a) name: Auschwitz-Birkenau Foundation
- b) registered seat: 00-534 Warsaw, Mokotowska 56/9
- c) scope of activities: the statutory objective of the Foundation is to ensure the preservation of the Auschwitz Memorial Site – the grounds and remains of the former concentration camps, KL Auschwitz I and Auschwitz II Birkenau as overseen by the Auschwitz-Birkenau State Museum in Oświęcim (further: the Museum), as well as to support the Museum's mission.

The Foundation achieves its statutory objectives by:

- collecting funds for the preservation of the Memorial Site, including the provision of grants;
 - supporting scientific, educational, publishing, exhibition and cultural activities connected with Museum's mission;
 - co-operating with individuals and legal entities whose activities correspond to the Foundation's goals;
 - co-operating with governments, local authorities, non-government, academic and research organizations in Poland and globally in the scope specified in the Foundation's objectives;
 - initiating and financing own projects, including co-operation with the Museum and other organisation.
- d) authority maintaining the register - the Foundation was registered in the National Court Register maintained by the Regional Court for the capital city of Warsaw in Warsaw, XII Commercial Division of the National Court Register on 23 April 2009 and was granted register number 328383.

2. Duration of the entity: unlimited.

3. Period covered by the financial statements:

The financial statements were prepared for the period from 1 January to 31 December 2021. The comparative data cover the financial period from 1 January to 31 December 2020.

4. The Management Board of the Foundation:

- Piotr Cywiński - President of the Management Board
- Łukasz Rozdeiczer-Kryszkowski - Vice President of the Management Board
- Wojciech Soczewica - Member of the Management Board
- Elwir Świętochowski - Member of the Management Board

5. The Foundation has no internal organizational units preparing independent financial statements.

6. The financial statements were prepared based on the assumption that the Foundation will continue to operate as a going concern in the foreseeable future. The Management Board believes that there were no circumstances indicating that the Foundation may not be a going concern.

7. The financial statements were prepared in accordance with the Accounting Act.

Description of adopted accounting principles, including principles of measuring assets and liabilities (together with depreciation), determining the financial result and method of preparing the financial statements in the extent left by the Accounting Act at the Foundation's discretion.

Intangible assets

Intangible assets are recognized if it is probable that the future economic benefits that are directly attributable to the asset will flow to the Foundation.

Initially, intangible assets are recorded at acquisition cost or cost of production. The initial value of intangible assets is adjusted by depreciation and impairment write-downs. Intangible assets are depreciated using the straight-line method over their estimated useful lives.

An assessment is made at each balance sheet date to determine whether the carrying amounts of assets exceed the amounts of estimated future economic benefits. If there is any evidence indicating that this is actually the case, the carrying amounts of such assets are written down to their net realisable values. The resulting impairment losses are recognized under other operating expenses.

Tangible fixed assets

Tangible fixed assets are stated at acquisition cost, cost of production or re-valued amount, less accumulated depreciation and impairment losses.

Costs incurred on an asset already in use, such as repairs, maintenance or operating fees, are expensed in the reporting period in which they were incurred. If however, it is possible to demonstrate that such costs increase the expected future economic benefits to be derived from a given asset beyond the originally expected benefits, they are capitalized to the initial cost of the asset.

Tangible fixed assets, except for land, are depreciated using the straight-line method over their estimated useful lives, or over the shorter of their useful life and the term of the right to use the assets.

An assessment is made at each balance sheet date to determine whether the carrying amounts of assets exceed the amounts of estimated future economic benefits. If there is any evidence indicating that this is actually the case, the carrying amounts of the assets are written down to their net realisable values. The resulting impairment losses are recognized under other operating expenses.

The following depreciation rates and methods were applied to particular groups of assets:

Tangible fixed assets	Depreciation method	Depreciation rate
Technical equipment and machinery	Straight-line method	14% - 30%
Vehicles	Straight-line method	20%

Investments in intangible assets

Intangible assets which are not used by the Foundation for the business activity, and which are sub-licensed, lent or leased, are presented as investments.

Initially, investments in intangible assets are recorded at acquisition cost or cost of production. The initial value of investments in intangible assets is adjusted by amortization and impairment write-downs. Investments in intangible assets are amortized using the straight-line method over their estimated useful lives.

An assessment is made at each balance sheet date to determine whether the carrying amounts of assets exceed the amounts of estimated future economic benefits. If there is any evidence indicating that this is actually the case, the carrying amounts of such assets are written down to their net realisable values. The resulting impairment losses are recognized under other operating expenses.

Financial assets

Financial assets are initially measured at acquisition cost, which is the fair value the amount paid.

After initial recognition, financial assets classified as held to maturity are valued at the adjusted purchase price calculated using the effective interest rate. Profits and losses that arise from revaluation are recognized under financial profits or losses in the reporting period in which the revaluation took place.

Financial assets classified as available for sale are valued at the fair value. Interest accrued from these assets are recorded as financial income. Profits or losses recorded in the revaluation reserve constitute the difference between the fair value of assets as of the revaluation date, and value of those assets at adjusted purchase price.

Receivables and liabilities

Receivables

As of the balance sheet date receivables were valued at the amount to be paid in accordance with the prudence principle.

Receivables are valued net of any impairment write-downs, taking into account the probability of settlement. Write-downs of receivables are charged to operating costs or to financial costs – depending on the nature of the receivables.

Liabilities

A liability is a commitment to settle an obligation of a reliably estimated value, arising from previous events, resulting in use of existing or future assets of the Foundation.

Liabilities are measured at their face value as at the date of the transaction giving rise to the liability. As of the balance sheet date liabilities are valued at the amount to be paid.

Auschwitz-Birkenau Foundation

Translation of the financial statements for the financial year from 1 January to 31 December 2021 originally issued in the Polish language

Foreign currency transactions

Business transactions denominated in foreign currencies are recognized on the date of their occurrence at the following exchange rates:

- in the case of foreign currency sales or purchases and the settlement of foreign currency denominated receivables or payables – the rate actually applied on the transaction;
- in other cases – the average National Bank of Poland (NBP) rate announced for a given currency on the day preceding the transaction date.

Assets and liabilities denominated in foreign currencies as of the balance sheet date are translated at that date using the average exchange rate determined by the NBP for a particular currency as of that day (exchange rates as of the end of the financial years 2020 and 2021 are presented below).

Currency	31.12.2021	31.12.2020
EUR	4.5994	4.6148
USD	4.0600	3.7584
GBP	5.4846	5.1327
CHF	4.4484	4.2641
NOK	0.4608	0.4400
SEK	0.4486	0.4598
DKK	0.6184	0.6202

Exchange gains or losses arising on a settlement date, being the result of a difference between the exchange rate applied to a payment and the exchange rate applied on the date when the asset or liability was recognised are allocated to financial income or financial expenses respectively.

The surplus of exchange losses over gains is recognized in financial expenses; the surplus of exchange gains over losses is recognized in financial income.

Cash and cash equivalents

Cash is valued at its nominal value. Cash denominated in foreign currency is valued at its face value converted into Polish zloty. As of the balance sheet date cash is valued at the average exchange rate for a particular currency announced by the NBP at that day.

Prepayments

Prepayments include expenses borne by the Foundation relating to future accounting periods. The costs are recognized over time and method of their settlement depends on the nature of the costs. Prepaid expenses are disclosed at the nominal value.

Statutory fund

Income of the Foundation from donations shall, as a general rule, constitute investment capital (Perpetual Capital), unless the donor's declaration or the grant agreement clearly requires a different application of a donation. After the year end the donations paid into the Perpetual Capital are transferred to the statutory fund.

Provisions

Provisions are recognized when the Foundation has a present obligation (legal or generally accepted) resulting from past events and when it is certain or highly probable that fulfilment of this obligation would require the outflow of the resources and when a reliable estimate can be made with regard to the amount of the obligation.

Accruals

Accruals include probable liabilities pertaining to the current reporting period, arising in particular from:

- goods and services provided by suppliers, but not invoiced as at the balance sheet date, if the amount payable can be estimated in a reliable manner;
- the obligation to provide in the future services relating to current activities, the amount of which can be estimated even though the origination date of a liability is not yet known.

Accruals are recognized at their nominal value.

Accruals having the character of provisions are presented in the balance sheet as provisions for liabilities.

Accruals not having the character of provisions resulting from goods and services provided to the Foundation but not yet invoiced by the suppliers are presented in the balance sheet as trade liabilities. The determination of the quantity or the amount of supply (service) may require estimation.

Income

The income of the Foundation comprises cash and other financial assets received from sources specified in the Statutes.

Income derives from:

- domestic and foreign donations;
- income from the Foundation's assets;
- interest from investments, including bank deposits and securities (bonds), presented as financial income and financial costs;
- dividends;
- possible gains realized on the sale of securities (shares, bonds and participation units in investment funds).

The Foundation recognizes income from donations on a cash basis, on the date of their receipt in the bank account, except for donations for administrative purposes, which are recognized on the accrual basis, in the period in which donations are due.

Donations to Perpetual Capital received in a given year are initially treated as income and are allocated to statutory capital (Perpetual Capital) in the subsequent financial year, following the approval of the financial statements by the Council of the Foundation.

The Foundation shows donations received in foreign currencies at the historic PLN average exchange rates of the NBP as at the day preceding receipt of each payment to the Perpetual Capital.

Auschwitz-Birkenau Foundation

Translation of the financial statements for the financial year from 1 January to 31 December 2021 originally issued in the Polish language

Costs of statutory activities

Costs of statutory activities cover settlements of funds transferred to the Museum and recognized in the accounting books of the Foundation on the accrual basis, i.e. taking into account the level of usage of donations received by the Museum. Amounts transferred to the Museum, but not utilised (not spent) in the financial year, are shown as receivables of the Foundation under other receivables (item B.I.1.a of assets).

Interest

Interest income is recognized on the accrual basis (using the effective interest rate), unless collectability is in doubt.

Profit and loss account format

The Foundation prepares the profit and loss account in the comparative format (non-manufacturing format), whereby income and expenditure are classified according to type.

Cash flow statement

The Foundation prepares the cash flow statement using indirect method.

Translation of the financial statements for the financial year from 1 January to 31 December 2021 originally issued in the Polish language

Financial assets classified as available for sale were revalued as at 31 December 2021 at fair value calculated on the basis of market quotations of each instrument as of the balance sheet date including interest accrued based on the effective interest rates. Financial assets classified as held to maturity were revalued as at 31 December 2021 at adjusted purchase price.

* Profits or losses arising from revaluation of the entity's financial assets classified as available for sale are recorded in revaluation reserve, in accordance with art. 21 paragraph 2 point 2 of Decree of Ministry of Finance dated 12 December 2001 on specific rules of recognition, measurement methods, scope of disclosure and method of presentation of financial instruments (Journal of Laws dated 22 December 2001). In accordance with art. 25, paragraph 1 of the Decree interest from these assets accrued based on the effective interest rates are recorded as financial income. Profits or losses recorded in the revaluation reserve in accordance with art. 25, paragraph 3 of the Decree, constitute the difference between the fair value of assets as of the revaluation date, and value of those assets at adjusted purchase price. Accrued interest related to assets classified as available for sale amounted to PLN 2,047,406.85.

** The carrying amount of assets classified as available for sale is presented including accrued interest (in Polish: "cena brudna").

*** Presented fair value for all instruments in the investment portfolio, was calculated on the basis of market quotations that do not take into account accrued interest.

For assets classified as held to maturity, where fair value is lower than carrying amount, the entity estimates that it is not required to account for impairment losses. The change in fair value of these assets results from short-term fluctuations of market prices and the entity's intention is to held them until maturity date.

7. Goals and principles of financial risk management

The entity invests all funds in debt securities of issuers with high ratings and bank deposits.

The Foundation follows an investment policy providing safety to the Perpetual Capital according to the rule 'security is more important than returns'. For diversification of risk, assets are held mainly in EUR, USD, PLN that are also the currencies of major donations. The Foundation does not use change in currency rates as a premise for investment decisions.

When the rating of a particular issuer falls below a pre-determined level, the Foundation acts immediately in order to maintain the desired high security levels of invested funds.

The Foundation limits concentration risk with a particular issuer by setting maximum ratios of the total investment portfolio that may be invested in the securities of one single issuer.

Interest rate risk is limited by investing generally in debt instruments with fixed interest rates. The only appearing exceptions to the rule in Foundation's investment portfolio are perpetual bonds with variable interest rate starting from a specified date in the future, some inflation-indexed bonds issued by the State Treasury and bonds issued by the Government of Israel, mBank and PKN Orlen based entirely on the variable interest rate.

8. Accrued and prepaid expenses

	<u>31.12.2021</u>	<u>31.12.2020</u>
Accruals:		
- accounting services	234,118.00	153,291.00
- audit services	86,100.00	86,100.00
- travel expenses	-	50,000.00
- unused holidays	66,144.00	30,000.00
- organization of meetings with donors	-	127,000.00
- other	-	35,000.00
Total accruals not being of provisions	<u>386,362.00</u>	<u>481,391.00</u>

- property insurance premium	766.81	599.34
- travel insurance premium	198.17	-
- hosting	494.24	494.24
- Dropbox	396.06	376.25
- Zoom	142.98	155.13
- interest due from current bank accounts	57.63	-
Total prepaid expenses	<u>1,149,277.50</u>	<u>916,275.05</u>

9. Statutory fund (Perpetual Capital)

The statutory fund consists of donations received for Perpetual Capital.

Donations to Perpetual Capital received in a given year are initially treated as income and are allocated to statutory capital (Perpetual Capital) in the subsequent financial year, following the approval of the financial statements by the Council of the Foundation.

The Foundation shows donations received in foreign currencies at the historic PLN average exchange rates of the NBP as at the day preceding receipt of each payment to the Perpetual Capital.

Donations received for Perpetual Capital in respective financial years:

- 2009	1,744,566.38
- 2010	1,959,355.73
- 2011	57,317,408.46
- 2012	66,223,090.96
- 2013	82,485,706.54
- 2014	75,030,995.72
- 2015	120,314,514.01
- 2016	14,441,883.48
- 2017	15,769,828.52
- 2018	15,499,395.52
- 2019	3,206,744.06
- 2020	153,398,186.66
Total statutory fund as at 31 December 2021	<u>607,391,676.04</u>

Following the approval of the 2021 financial statements the statutory fund, including donations received in 2021, will amount to PLN 750,024,704.87.

Most of the Funds received by the Foundation as donations was invested in debt and equity instruments. The total value of the above financial debt instruments as at the balance sheet date amounted to PLN 635,620,049.28. Detailed information on the debt instruments was presented in note no. 3.

Additional funds resulting from gains earned by the Foundation related to investment of the donations (except for cash used by the Foundation to cover donations for the Museum and administrative costs) were located to bank deposits.

14. Corporate income tax

The Foundation is exempted from corporate income tax pursuant of the Corporate Income Tax Act of 15 February 1992 (uniform text – Journal of Laws 2021 item 1800).

Regulations regarding goods and services tax, corporate income tax, natural person's income tax or social security contributions are subject to changes, as a result of which there is often no reference to fixed regulations or legal precedents. The existing legislation contains ambiguities that cause differences in opinions as to the legal interpretation of tax regulations both between state authorities and between state authorities and enterprises. Taxes and other settlements (for example customs or foreign exchange) may be subject to control by authorities that are entitled to impose significant penalties, and the additional amounts of liabilities established as a result of the inspections must be paid with interest. These phenomena cause that the tax risk in Poland is higher than that usually found in countries with a more developed tax system.

Tax settlements may be reviewed for a period of five years. As a result, the amounts reported in the financial statements may change at a later date after the final determination of their amount by tax authorities.

15. Outlays on non-financial fixed assets incurred in the preceding year and planned for the following year

In the financial year the Foundation incurred outlays for non-financial fixed assets in the value of PLN 1,499,503.

The Foundation intends to incur in the following financial year outlays on non-financial fixed assets amounting to PLN 25,000.

16. Exchange rates applied for the purpose of valuation of items denominated in foreign currencies

According to the NBP table no. 254/A/NBP/2021 as at 31 December 2021 effective on the balance sheet date, exchange rate taken for the purpose of valuation of receivables, liabilities and cash was as follows: EUR 1 = PLN 4.5994, USD 1 = PLN 4.0600, GBP 1 = PLN 5.4846, CHF 1 = 4.4484, NOK 1 = 0.4608, DKK 1 = 0.6184, SEK 1 = 0.4486.

According to the NBP table no. 255/A/NBP/2020 as at 31 December 2020 effective on the balance sheet date, exchange rate taken for the purpose of valuation of receivables, liabilities and cash was as follows: EUR 1 = PLN 4.6148, USD 1 = PLN 3.7584, GBP 1 = PLN 5.1327.

17. Average employment in the financial year, including breakdown according to occupational groups

The Foundation employed 5 office workers as at 31 December 2021. Average employment in the current financial year equalled to 5.

18. Remuneration, including amounts payable to members of the managing and supervising bodies

In the financial year remuneration of members of the Management Board amounted to PLN 392.9 thousand.

No remuneration was paid to the members of the Foundation Council.

19. Loans and similar benefits granted to members of the managing and supervising bodies

The Foundation did not grant loans or any similar benefit to members of the Management Board or the Foundation Council.

20. Significant post-balance sheet date events

By the day of preparation of these financial statements there were no significant post-balance sheet date events in the Foundation, which would require to be included or additionally disclosed in these financial statements for the period from 1 January to 31 December 2021.

21. Significant events from previous years disclosed in the financial statements

None.

22. Changes in accounting policies made during the financial year

None.

23. Information required to ensure comparability of the financial statements for the preceding year with the financial statements for the financial year

None required.

Auschwitz-Birkenau Foundation

Translation of the financial statements for the financial year from 1 January to 31 December 2021 originally issued in the Polish language

24. Other significant information concerning the economic and financial position and financial results of the Foundation

The financial statements include all necessary information concerning the economic and financial position and the financial results of the Foundation.

In accordance with § 9 point 4 of the Statutes of the Foundation, it shall be indicated that in the financial year from 1 January to 31 December 2021 and in the comparative period ratio between interest received on Perpetual Capital and administrative expenses of statutory activities presented below was in line with the above-mentioned provisions of Statutes:

	<u>31.12.2021</u>	<u>31.12.2020</u>
- Interest received in the Foundations' bank account. Detailed information on interest is presented in note 6a	16,761,614.38	16,269,430.36
- Maintenance of cash value of Perpetual Capital*	2,022,645.81	2,029,694.02
- Interest received less allocation of amounts required to maintain cash value of Perpetual Capital	14,738,968.57	14,239,736.34
- Administrative expenses of statutory activities (reduced by costs covered via donations received from suppliers and funds received from the EEA FM and NFM and fees for maintaining the investment portfolio of Perpetual Capital)	1,468,981.57	1,475,474.85
- Assets (resources) available for statutory activities in form of donations to Auschwitz-Birkenau State Museum in the following year	13,269,987.00	12,764,261.49
- The percentage of administrative costs in net interest income reduced by maintenance of cash value of Perpetual Capital	10%	10%
- The percentage of assets (resources) available for statutory activities in form of donations to Auschwitz-Birkenau State Museum for the next year in realized interest reduced by maintenance of cash value of Perpetual Capital	90%	90%

*Maintenance of cash value of Perpetual Capital means adjustment of net interest income with the premium paid on the purchase of bonds and covered by Perpetual Capital funds (donations). In the case of purchasing bonds on the secondary market, due to changing market conditions, the return on the investments may be lower than the interest rate coupon established at the time of (bond) issue. In that case, the bonds are purchased for a price higher than their nominal value (premium). At maturity, the bondholder receives the nominal value of the bond in cash from the issuer. In order to maintain the cash value of the Perpetual Capital, the premium is covered from the interest received while keeping the bonds in the portfolio. Therefore, every year a certain part of the interest received creates a provision and is not an interest profit that can be spent on the statutory activity of the Foundation. At maturity the total premium value fills the gap in the equity. Thanks to this cash settlements, the value of the Perpetual Capital resulting from the donation remains unchanged in a given currency, regardless of the type of bonds purchased.
